

Upcoming Features in BuildSoft V3.59, Coming June 2009

Maintain an Automatic Material List Price Update Log in Excel Format

- Select and update multiple job material lists with one click - after importing vendor prices from update request spreadsheets - and retain a complete job price update history, recording who, what, and when, at a material list item level of detail.

Mass Purchase Order & Work Order Email Distribution from BuildSoft

- Now select multiple POs & WOs as per need, and email with one click, from BuildSoft!
- A green solution to replace faxes - save money and the environment at the same time!
- Thank you to Mark Kinsey – The Kinsey Company, & Josh Aruh – Apex Builders, LP, amongst many others, for submitting requests for better POWO distribution from BuildSoft.

Download the current latest release, V3.58.05, [here](#). Look forward to V3.59 in June 2009.

Read about some of the other upcoming features, in the March & April [newsletters](#).

Constellation Backup Service – Early Adopter Plan

[Constellation Backup](#) automates off-site backup without upfront server and software costs, CD's or tape disks to rotate, or monitoring required, securing your company data from multiple risks and hazards, for an unbelievable price. **Now join the early adopter plan and enjoy a 30% discount – Only \$35/month!**

First 10 customers only. Contact Rizwan at 1-888-723-2222 x 2320.
