

## **FOR IMMEDIATE RELEASE**

### **Constellation HomeBuilder Systems Launches BuildSoft Version 3.56.23 and BuildSoft Client Care Center**

**Markham, Ontario March 14, 2007** - Constellation HomeBuilder Systems, Inc. ("Constellation") has launched the first new release of BuildSoft and a new on-line client care center for BuildSoft customers.

The new release includes a critical technical resolution and four new enhanced reports that address the job cost and accounts payable functions. Several more product enhancements are scheduled to be released in 2007.

BuildSoft customers now have privileged access to a secure on-line client care center (accessible through the support tab at [www.constellationhb.com](http://www.constellationhb.com)). This new area provides BuildSoft customers with the ability to access product updates, product documentation, help and training resources, and other useful tools to improve their use of BuildSoft. Constellation is supporting the launch of these two initiatives with free customer training throughout the months of March and April 2007.

"The release of BuildSoft Version 3.56.23 and the new on-line client care center supports Constellation's stated commitment to maintain and enhance BuildSoft for new and existing valued customers for years to come." said Daniel Zinman, General Manager of the BuildSoft product line.

#### **About Constellation HomeBuilder Systems**

Constellation HomeBuilder Systems, is the leading provider of integrated enterprise software for the North American home-building industry. It markets the BuildSoft, B360, NEWSTAR, FAST, and Constellation CRM (formerly "CFT") families of homebuilder software. Constellation is a subsidiary of Constellation Software Inc ("CSI"). CSI acquires, manages and builds vertical market software businesses that provide mission-critical software solutions to address the specific needs of its customers in those industries. Constellation's common shares are listed in the Toronto Stock Exchange under the symbol "CSU".
